

“...if we accept that a mother can kill even her own child, how can we tell other people not to kill one another?”

Saint Teresa of Calcutta (Mother Teresa)

Our Nation at its founding - Life is a Gift: Our Nation was founded on the principle that each human life is a gift given by our Creator God. Each one of us is valuable beyond measure and is endowed with rights, specifically because God has poured His creative genius into making each one of us. We can rejoice that each of us is unique and unrepeatable. We are wonderfully made to know and to love God and each other.

Our Nation today - Life is Disposable: On January 22, 1973, the U.S. Supreme Court took away the right to life of unborn children.¹ In the ensuing forty-five years, over 60 million American babies have been killed by being surgically ripped from the safety and warmth of their mothers' wombs. Millions more have been killed by so-called "contraceptives" including the birth control pill, morning after pill, patches, implants, and injections -- all of which can cause very early abortions.²

Our Nation's future - A Culture of Death? Instead of protecting life, the Supreme Court made it the role of government to protect killing. The result has been to put all human lives at risk. After 45 years of killing innocent children through abortion, our Nation is seeing the right to life eroded in other ways. The cancers of assisted suicide and euthanasia are infecting our Nation, putting elderly, disabled, and ill people increasingly at risk of being killed against their wishes. What can be done?

Help Bring America Back to Life: It's time to return to the view that every human life is a gift from God to be welcomed, respected, and protected. While abortion pits a mother against her preborn child, they are not each other's enemies. We can love and care for them both, even in difficult circumstances.^{3,4} And, in times of illness or disability, forced death is not a solution. We can lovingly accompany those who are struggling while respecting their dignity and worth. We can overcome the culture of death with a culture of life and love!

We, the undersigned, see the killing of unborn children as a national tragedy, and also as the gateway to a culture of death. We are dedicated to protecting life -- Join us!
